Champions Soccer Program is a soccer player development program that will enhance soccer education for Parnassians in **grades 1L-4L**. Players will be divided up through age and gender which will maximize their overall experience in skills sessions and small sided games. This program will be fun and challenging, continuing to enhance the player's development at the right pace with the age appropriate curriculum in mind. The passion that the pro trainers have will rub off on the players. The players will be instructed in dribbling, passing, controlling, shooting, speed, agility, quickness and also fun small-sided games, 3v3-6v6. We will focus on communication, space awareness, team building, and when to use these skills in the game environment.

Coaching Staff: Soccer sessions will be led by Gordon Ferguson (Fergie), who is an all-around soccer professional. Working with soccer players is his passion and you will see how much energy he has with the players on the first day. They are ready to coach players this spring to advance their skills while creating a positive environment for them to learn "The Beautiful Game!"
