## **Winter Reading Challenge**

## School of Logic

For the next few weeks, we are challenging our School of Logic students to place a special emphasis on tracking their reading. School of Logic students who read 800 pages or more between now and January 15, 2024, will receive a special reward.

Here's what you need to do:

1. Read at least 800 pages over the next five weeks - you are allowed to count the pages you read in your assigned novel(s) for English class as well as books you read outside of school for your own enjoyment.

Grade:

- 2. Track your reading using this log. Use the back side if you need more space.
- 3. Before you turn in this log, have a parent sign it AND include the TOTAL number of pages you read.

Student Name (First and Last):

4. Turn this log in to your English teacher (or the main office) by 4:00pm on Tuesday, January 16th.

	Parent Signature:	TOTAL PAGES READ:	T
Pages Read	Book Title	Date
