Join the 2023-2024 State Champion Math League team! Each year the School of Rhetoric Math League takes pencil to paper to compete against other math teams at local schools. Our team will participate in five tournaments, and also has the opportunity to compete at the St. Cloud State University Mathematics Competition in the spring.

At each tournament scholars will divide up to focus on their individual skills, then come together for the team round. Events feature geometry, algebra, trigonometry, calculus, and word problems.
