

POLICY 506 – STUDENT DISCIPLINE AND CODE OF CONDUCT

I. PURPOSE

The purpose of this policy is to ensure that students of Parnassus Preparatory School (the “school”) are aware of and comply with the School’s expectations for student conduct. Such compliance will enhance The School’s ability to maintain discipline and ensure that there is no interference with the educational process. The school will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child’s dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the school that a fair and equitable school-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40 through 121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school administrators, teachers, employees, students, parents, community members and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school.

III. AREAS OF RESPONSIBILITY

A. The School Board

The school board holds all school personnel responsible for the maintenance of order within the school and supports all personnel acting within the framework of this discipline policy.

B. Executive Director

The Executive Director shall establish guidelines and directives to carry out this policy, hold all school personnel, students and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy.

The Executive Director shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

C. Principal(s)

The school principal (or principals, if more than one exists and is designated for this purpose) is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy.

The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents.

A principal, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

D. Teachers

All teachers shall be responsible for providing a well-planned teaching and learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration.

All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

E. Other School Personnel

All school personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the Executive Director.

A school employee, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

For the purpose of Minnesota Statutes, section 121A.582 (Student Discipline; Reasonable Force), a school resource officer, as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c) is not a school employee or agent of the charter school.

F. Parents or Legal Guardians

Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

G. Students

All students shall be held individually responsible for their behavior.

H. Community Members

Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

IV. STUDENT RIGHTS

All students have the right to an education and the right to learn.

VII. DISCIPLINARY ACTION OPTIONS

A. Overview of Disciplinary Action Practices

It is the general policy of the school to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct.

The specific form of discipline chosen in a particular case is solely within the discretion of the school, and the school may elect to utilize outside agencies or other resources, to the extent allowed by law, in assessing or taking disciplinary measures or resolving conflicts.

At a minimum, violation of school rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The School shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school.

B. Disciplinary Action Options

Disciplinary action may include, but is not limited to, one or more of the following:

1. Student conference with teacher, principal, counselor or other school personnel, and verbal warning;

VIII. REMOVAL OF STUDENTS FROM CLASS

A. Grounds for Removal

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy.

"Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

B. Notification of Parents or Guardians

If a student is removed from class more than ten (10) times in a school year, the school shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student from a Class

1. When circumstances warrant, a student may be removed from class upon agreement of the appropriate teacher and the principal or designee. When appropriate, an informal conference with the student may occur before the student is removed from class.

2. The removal of class may be imposed without an informal conference with the student if it appears that the student is creating a substantial disruption or is an immediate danger to themselves, to persons, or property.
 3. The length of time of the removal from class is at the discretion of the principal or designee, subject to the provisions of the Pupil Fair Dismissal Act.
 4. The removal from class will be documented following the School's standard procedures.
- D. Responsibility for and Custody of a Student Removed from Class
1. A student removed from class is the responsibility of the principal or designee, which may include behavioral support staff.
 2. A student removed from class must report directly to the appropriate school office.
 3. The teacher, principal, or designee may determine if the student requires a school employee to accompany them to the office, and, if so, will work with the office to make the necessary arrangements.
- E. Procedures for Return of a Student to a Class from which the Student Was Removed
1. The principal or designee will complete any appropriate follow-up disciplinary consequences and school documentation with the student and determine any steps necessary to readmit the student to class.
 2. The principal or designee will readmit the student to class upon completion of the determined steps.
- F. Procedures for Notification
1. The principal or designee will determine the necessity of notifying the student's parents or guardians regarding the removal from class.
 2. The principal or designee will work with the teacher to notify the student of the violation of the discipline rules and any resulting disciplinary action.
- G. Disabled Students; Special Provisions
1. Students who are currently identified as eligible under the Individuals with Disabilities Education Act (IDEA) or Section 504 will be subject to the provisions of this policy, unless the student's Individualized Education Program (IEP) or 504 Plan specifies a necessary modification.
 2. Prior to the initiation of an expulsion or exclusion of a student with an IEP or 504 Plan, the district will follow state and federal laws regarding such a proposal.
 3. Teachers and staff members who notice a pattern of persistent behaviors may refer a student to the Child Find process. Staff members may also contact the Director of Special Education with questions or concerns.

- H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students while on School Premises
 - 1. The School will establish a chemical abuse preassessment team pursuant to Minnesota Statutes section 121A.26;

IX. DISMISSAL

A. Definition

“Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The School shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The School shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

B. Violations Leading to Suspension

Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

- 1. Willful violation of any reasonable school board regulation, including those found in this policy;
- 2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

3. Willful conduct that endangers the student or other students, or surrounding persons, including charter school employees, or property of the School.

C. Suspension Procedures

“Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the Executive Director with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less, except as may be provided in federal law for a student with a disability.

1. If a student’s total days of removal from school exceed ten cumulative days in a school year, the school shall make reasonable attempts to convene a meeting with the student and the student’s parents or guardian prior to subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the student’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
2. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the School is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
3. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child’s IEP team, including at least one of the child’s teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child’s IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
4. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications

or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in a school district or in an alternative learning center under Minnesota Statutes section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.

5. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
6. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
7. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40 through 121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within 48 hours of the conference.
8. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible.
9. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
10. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

“Expulsion” means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

“Exclusion” means an action taken by the school board to prevent enrollment or reenrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

1. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40 through 121A.56.
2. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
3. The student and parent or guardian shall be provided written notice of the School’s intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§121A.40 through 121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student’s own choosing, including legal counsel at the hearing; (2) examine the student’s records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
4. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school, student, parent or guardian.
5. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
6. The School shall record the hearing proceedings at its own expense, and a party may obtain a transcript at its own expense.
7. The student shall have a right to a representative of the student’s own choosing, including legal counsel, at the student’s sole expense. The school shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school in any proceeding.
8. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to the student’s records.
9. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school. The hearing shall be conducted in

a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

10. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
11. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school.
12. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
13. The student cannot be compelled to testify in the dismissal proceedings.
14. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
15. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Minnesota Commissioner of Education (the "Commissioner") of the basis and reason for the decision.
16. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
17. The school shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
18. The school shall report each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report shall include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must include state student identification numbers of affected students on all dismissal reports required by the department.
19. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minnesota Statutes section 120B.232, subdivision 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

It is the policy of the School that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable charter school policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the charter school will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the charter school had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the charter school shall continue to provide special education and related services during the period of expulsion or exclusion.
